Publishing Your Family History to the Web

Introduction

Evaluations: Easy Option - Blog

Evaluations: GEDCOM-based Publishing

Evaluations: PHP-based Website

Evaluations: Tailor-made Website

Evaluations: Print On-Demand

Introduction:

If you can e-mail, upload files, and use a genealogy software program, then you have enough knowledge and experience to create and maintain a Family History web site.

The hardest part is deciding what method you are going to use!

URIDGE, EURIDGE One-Name Study
Registered with the Guild of One-Name Studies (Members)

Welcome to the One-Name Study for Uridge, Euridge
Last Changed Date: 7 January 2007 | [Uridge Blog](#) | [New or Changed Names](#)

URIDGE or EURIDGE is a very unique name with only 121 instances in the UK Office of National Statistics. This website details all known current and past occurrences worldwide of the names URIDGE and EURIDGE. It provides family history of these families as opposed to one particular pedigree. Scroll down for [names and variants](#) of the names.

There are three main family groups, originating from branches in [Sussex](#) and [Devon](#). Several descendants of these branches have emigrated to [Canada](#), [New Zealand](#), and the [United States of America](#).

Detailed [narratives](#) are available and can be easily accessed by clicking on a section, or by [searching the website](#). Additionally there are [descendant charts](#) of the main families. You can also find a series of databases on [births](#), [marriages](#) and [deaths](#), and [wills](#) that are linked to the One-Name Studies.

A summarisation of [resources](#) searched to find out [what sources in the narrative section](#), details what records are included in the One-Name Study. Additionally there are also [lists](#) available.

Additionally, you will find information on [other names](#) that are linked to the One-Name Study. For more information, please go to the [About Me](#) page.

I hope that you enjoy your visit!

Kathleen Uridge's Collection

As mentioned in the previous blog [The Will of William Uridge](#), Kathleen Uridge has kindly loaned a significant number of family history documents. I am in the process of scanning these and adding the information into the database.

I particularly liked two photographs. One of Kathleen's father [Frank Uridge](#), taken during World War 1.

Also his brother, [Richard John Uridge](#) together with his wife [Lillian Ellen Uridge née Bennell](#).

I am indebted to Kathleen for providing me with this opportunity. I have been researching this family since the early 1980s and it is wonderful to now see their photographs.

Introduction: Presentation Approach

- Overwhelming number of options
- Focus is on a selection of options available:
 - Easy Option - Blog
 - GEDCOM-based Publishing
 - PHP-based Website
 - Tailor-made Website

Introduction: Evaluation

■ Technical Skills:

- +++ Challenging, large learning curve may need additional support
- ++ Fairly easy, up and running within an hour
- + If you can create e-mails you can do this

■ Maintenance Effort (For each update)

- +++ Allow more than one hour
- ++ Less than one hour
- + None, or very little

■ Maintenance Cost*

- +++ Monthly outgoings of over £3 less than £5
- ++ Monthly outgoings of over £1 less than £3
- + Free

■ Advantages

■ Disadvantages

*** Maintenance Costs does not include the family history program**

Why Publish to the Web?

Advantages

- Virtual presence
 - 1980 – 2001: 20 contacts by letter, or Family History Meetings
 - 2001 – 2007: 150+ contacts due to website & search engines
- Shares your research with others & encouragement to others to share with you

Disadvantages

- Increase efforts – maintaining the data, and the increase in data received
- Possible increased costs (for some methods)

Create a Blog - Using Google www.blogger.com

The screenshot shows the Blogger homepage with a dark blue header. On the left is the Blogger logo (an orange 'b' in a square). To its right is the word 'Blogger' in white. Further right, there's a sign-in section with the text 'Sign in to use Blogger' and 'But first, where do you blog?'. Below this are two links: 'New Blogger' (Using your Google BLOGGER account) and 'Old Blogger' (Using your Blogger account). The main content area has a light beige background. It features a large announcement box titled 'Check out the new Blogger!' with a notepad icon. The text says: 'We're out of beta and ready to go. There's new stuff like labels, drag-and-drop template editing, and privacy controls. [Take a tour](#)'. Below this, it says: 'We're already moving some lucky people, but you can cut the line and switch now. New accounts get the new Blogger, of course.' There is a blue button labeled 'SWITCH NOW' and a link to 'help with switching'. To the right of the text are three overlapping screenshots of the Blogger interface: 'Add and Arrange Page Elements', 'My Blog is now Themed', and 'Blog Readers'. Below the announcement box is a section titled 'What is a blog?' with a 'TAKE A QUICK TOUR' button. It contains four icons with labels: 'Publish thoughts' (notepad icon), 'Get feedback' (speech bubbles icon), 'Post photos' (photo icon), and 'Go mobile' (mobile phone icon). To the right of this is a section titled 'Create a blog in 3 easy steps:' followed by a numbered list: 1. Create an account, 2. Name your blog, 3. Choose a template. At the bottom, a partial sentence reads: 'A blog is your easy-to-use web site, where you can quickly post'.

Create a blog in 3 easy steps:

- 1 Create an account
- 2 Name your blog
- 3 Choose a template

A blog is your easy-to-use web site, where you can quickly post

Step 1 of 3: Create a Google Account

1 CREATE ACCOUNT

2 NAME BLOG

3 CHOOSE TEMPLATE

We are creating your account on the new version of Blogger. This version has all the Blogger features plus new post labels, drag-and-drop template editing and privacy controls. Furthermore, it is a lot more reliable.

When you sign in, remember to choose **new Blogger** and sign in with your Google Account.

Are you looking for blogs that you have already created? [Sign in to old Blogger](#)

1 Create a Google Account

This process will create a Google account that you can use on other Google services. If you already have a Google account perhaps from Google Mail, Google Groups or Orkut, please [sign in first](#)

Email address
(must already exist)

teresa.pask@googlemail.com

You will use this address to log in to Blogger and other Google services. We will never share it with third parties without your permission.

Enter a password

.....

Must be at least 6 characters long.

Type password again

.....

Display name

Family History Presentations

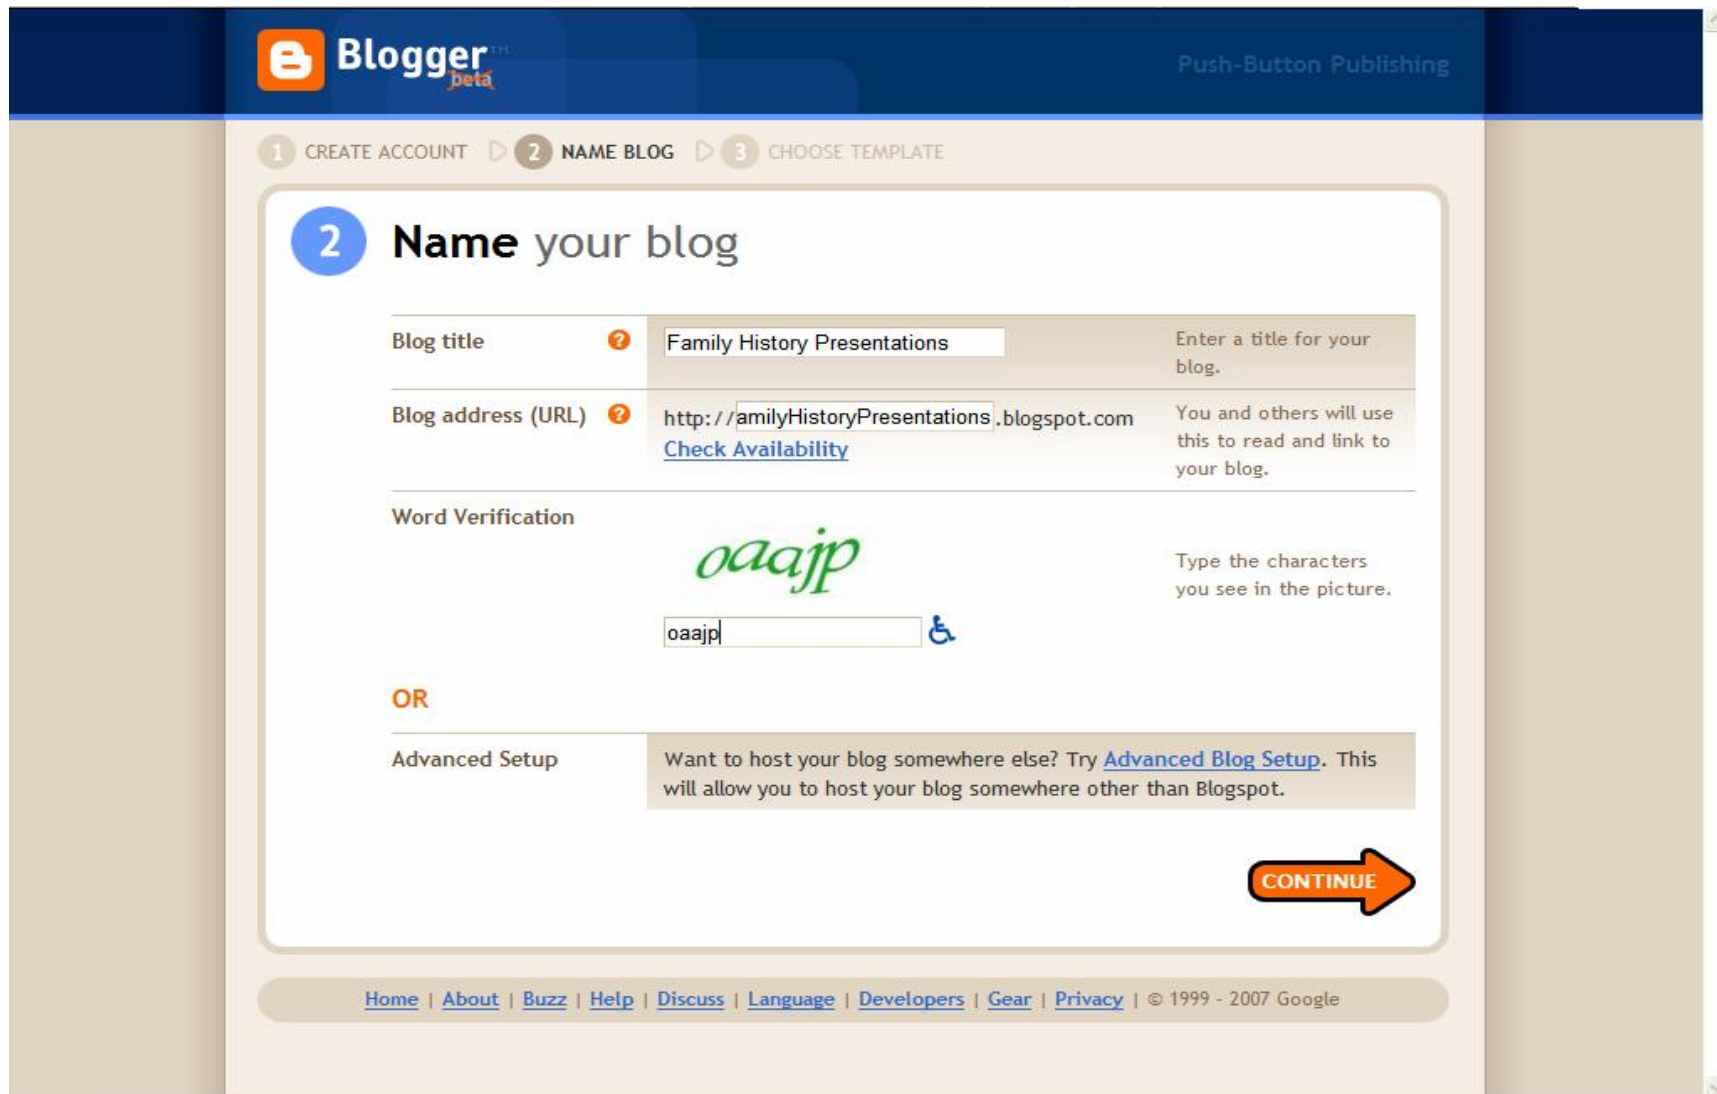

The name used to sign your blog posts.

Word Verification

Type the characters that you see in the picture to the left.

Step 2 of 3: Name Your Blog

The screenshot shows the Blogger 'Name your blog' setup page. At the top, the Blogger logo and 'beta' tag are visible, along with the text 'Push-Button Publishing'. A progress bar indicates three steps: 1. CREATE ACCOUNT, 2. NAME BLOG (current step), and 3. CHOOSE TEMPLATE. The main heading is '2 Name your blog'. Below this, there are three input fields: 'Blog title' with the value 'Family History Presentations', 'Blog address (URL)' with the value 'http://familyHistoryPresentations.blogspot.com', and 'Word Verification' with a green image of the characters 'oaaip' and a text input field containing 'oaaip'. To the right of the 'Blog title' field is a hint: 'Enter a title for your blog.' To the right of the 'Blog address (URL)' field is a hint: 'You and others will use this to read and link to your blog.' Below the 'Word Verification' image is a hint: 'Type the characters you see in the picture.' Below the 'Word Verification' section is an 'OR' section with a heading 'Advanced Setup' and a hint: 'Want to host your blog somewhere else? Try [Advanced Blog Setup](#). This will allow you to host your blog somewhere other than Blogspot.' At the bottom right of the form is a large orange arrow button labeled 'CONTINUE'. At the bottom of the page is a footer with links: [Home](#), [About](#), [Buzz](#), [Help](#), [Discuss](#), [Language](#), [Developers](#), [Gear](#), [Privacy](#), and copyright information: © 1999 - 2007 Google.

Step 3 of 3: Start Posting

Create the Post – Title & Content

The screenshot shows the 'Family History Presentations' blog post creation page. The header includes the blog name and a user profile 'teresa.p'. Navigation tabs for 'Posting', 'Settings', 'Template', and 'View Blog' are visible. Below these are links for 'Create', 'Edit Posts', and 'Moderate Comments'. The 'Title' field contains 'Guild of One-Name Studies Presentation February 1'. To the right of the title are links for 'Edit Html' and 'Compose'. A rich text editor toolbar is present with options for font, size, bold, italic, text color, background color, bulleted list, numbered list, link, unlink, and undo. Below the toolbar is a 'Recover post' link. The main text area contains the title 'Seminar: Publishing your one-name study' followed by a paragraph: 'The day promises to be an information packed one, with each of the speakers being an expert in their own field. Maurice Hemingway's one-name journals have won the Guild's "best Journal" award, Teresa Pask has won awards three times in the last five years for her one-name website and Colin Ulph published his "Ulph Family History" in 2005.' At the bottom, there is a 'Post Options' section with a 'Labels for this post:' field containing 'GOONS, 2007 February'. Below this are 'SAVE AS DRAFT' and 'PUBLISH' buttons. A footer note provides shortcuts: 'Shortcuts: press Ctrl with: B = Bold, I = Italic, S = Publish, D = Draft more'.

Publishing Your Family History to the Web

Introduction

Evaluations: Easy Option - Blog

Evaluations: GEDCOM-based Publishing

Evaluations: PHP-based Website

Evaluations: Tailor-made Website

Evaluations: Print On-Demand

GEDCOM-based Publishing

- **Publishing your family tree online can be easily done by uploading a GEDCOM to:**
 - **RootsWeb World Connect**
 - **Ancestry World Tree now Ancestry Member Trees**
 - **FamilySearch Pedigree Resource File**
 - **GeneaNet**
 - **Genes Reunited**
 - **GenCircles now called MyHeritage**
 - **...**

- **Alternatively, use a GEDCOM converter to HTML to upload to your own website:**
 - **GED4WEB©**
 - **GedHTree**
 - **Logicmill**
 - **...**

In order to run genealogy searches quickly and reliably, MyHeritage Research requires one-time installation of a specialized component. This installation is automatic and usually takes a few seconds.

Click the 'Install now' button to trigger installation of the component.

Note: After clicking the button, your browser may display a yellow bar at the top of the page. If you see such a yellow bar, click it and select 'Install ActiveX Control', then click 'Retry'.

In the security dialog that will open, click 'Install' or 'Yes'.
Your search will begin automatically following installation.

Face Recognition - Images

The screenshot shows the MyHeritage website interface. At the top left is the MyHeritage logo, featuring a stylized tree. To its right, a navigation bar contains links: Home, Products, Face recognition (highlighted in green), Genealogy, Community, Research, and My site. Above this bar, a welcome message 'Welcome, Guest' and links for 'Log in' and 'Sign up' are visible. Below the navigation bar is a banner image of three smiling children. The main content area is titled 'Overview' and contains a paragraph: 'MyHeritage.com is one of the world's first services to apply advanced face recognition technology to personal photos and family history; and it's free!'. On the left side of the main area is a sidebar menu under the heading 'Face recognition', listing: Overview (with a right-pointing arrow), Vote! NEW, Collage, Morph NEW, Look-alike Meter NEW, Gallery, How it works, and Celebrities. The main area features three large, rounded rectangular buttons. The first button is titled 'Celebrity Collage' and says 'Find out which celebrities you resemble!', showing a collage of faces and a 'GO' button. The second button is titled 'Celebrity Morph' and says 'Create your morph for free and post it on your blog!', showing a morphed face and a 'GO' button. The third button is titled 'Look-alike Meter' and says 'Find out who your child resembles more!', showing a 'Look-alike Meter' graphic and a 'GO' button. At the bottom of the page, there is a faint background image of a classical bust.

Smart Matching: E-Mail Notification

Dear Teresa,

Good news!

MyHeritage has found new Smart Matches for you!

Smart Matches are people thought to be the same, in your family tree and family trees of other users. Correct Smart Matches may lead your way to discover new relatives and ancestors!

If you'd like to learn more about Smart Matches and the technology behind this feature, visit our <http://www.myheritage.com/blogs/companyblog/>

Today, 2 new Smart Matches were found for you:

1. Robert Rudd in your family tree was matched to:

Robert Rudd, in a family tree of 12 people submitted by Matt Stevens, on MyHeritage site "Stevens" tree was last updated on Jan 2 2008.

To view this match, click the link below and then click the Compare link:

<http://www.myheritage.com/FP/individual-matches.php?s=301013&familyTreeID=1&individualID=1001354&mode=offline&authenticate=3d5676f86cf7625e96d2a40cd938a7e1d86cd1a2-35103254>

GEDCOM-based Publishing: My Heritage

- It is different from other "world" tree type web sites because it allows you to interact with your data and with other genealogists in new ways.
 - Through their Matching technology, it analyses your genealogy to help you find other genealogists to work with.
 - And the best part, it's FREE!
 - Alternatively Silver, Gold, or Platinum is available
- BUT** in infancy – previously GenCircles
- Family Tree in beta version

GEDCOM-based Publishing

Technical +

Maintenance +

Cost +/++

Advantages

- Quick to learn, easy to use
- GEDCOM – HTML converters can be easily incorporated into your own web site
- MyHeritage has an excellent FAQ section, covering most questions

Disadvantages

- Some sites are very difficult to change or delete your data once you have provided it
- Some sites provide data to others

PHP Websites: Technical View

- **PHP stands for *PHP: Hypertext Preprocessor*.**
- **PHP is an HTML-embedded scripting language. Much of its syntax is borrowed from C, Java and Perl with a couple of unique PHP-specific features thrown in. The goal of the language is to allow web developers to write dynamically generated pages quickly.**
- **It normally requires the following to be present on your web site:**
 - 1. PHP (a scripting language, 4.0 or higher preferred)**
 - 2. MySQL (a database, 4.0.1 or higher preferred, but will also work on earlier versions back to 3.23.0)**
 - 3. You may also need an FTP program**

PHP Websites: What Does That Mean to a Family Historian?

- It is a powerful way to **manage** and **display** your genealogy data on the internet, all without generating a single page of HTML. Instead, your information is stored in MySQL database tables and **dynamically** displayed in attractive fashion with PHP.
- It **stores** your data on your server instead of on your own hard drive. Alternatively, you can create a GEDCOM, and upload it from your website
- You can make it **private** so that **only** you can see the data. Or you can give **access** to a few other family members, or everyone. You can also allow other people to add information.
- It is installed on a web server (that has a MySQL database)
 - Use a PHP Family History Program:
 - ◆ PhpGedView
 - ◆ *The Next Generation of Genealogy Sitebuilding*©
- Does setting up a web server sound too complicated?

PHP-based Family History Program

- A much simpler way is to use a web-hosting solution
 - Provides web hosting services and products focused and specialised in collaborative genealogy
 - ◆ Ourroots.info
 - 5,000 individuals - \$4.95 / per month + Optional adds on
 - 5,000+ Advanced Package \$9.95 / per month + Optional adds on
 - ◆ PGVhosting
 - 5,000 individuals - \$5.95 / per month (includes options)
 - 5,000+ Advanced Package \$8.95 / per month

PHP-based Hosted Website

Technical +

Maintenance +

Cost ++/+++

Advantages

- If you can upload a GEDCOM you can use this method to produce a very sophisticated dynamic website
- Amazingly quick to set up – they do all the work for you – website, PHP settings, latest technology within 4 hours
- Provides a collaborative community (optional)
- Authorisation concept excellent - you are in control
- Very customisable for you, and the person viewing your site

Disadvantages

- Website name is <http://uridge.pgvhosting.com/>
- GEDCOM import only provides basic information – not detailed narratives (as in Second Site)
- If you decide to maintain online you will need broadband

[Search this Website](#)

URIDGE or EURIDGE is a very unique name with only 121 instances in the UK Office of National Statistics database for 2002. This website details all known current and past occurrences worldwide of the names URIDGE and EURIDGE, and their variants. It provides family history of these families as opposed to one particular pedigree. Scroll down on this page for the [origins](#) and [variants](#) of the names.

There are three main families included in this study. One family includes my own family, who emigrated to Canada, and another family who emigrated to Australia.

Detailed [narratives](#) are available and can be easily searched in the [surnames](#) section, or by [searching the website](#). Additionally there are [descendancy charts](#) of the main families available. You will also find [links](#) to an archive held by the [Devon](#) family, which are linked to the [USA](#) section.

A summarisation of the [What's New](#) section, which provides a chronological listing of what has recently changed on the website. There are also [lists](#) available on the website. For example, a list of people in the 1901 census, or a list of certificates available.

Additionally, you will find information on other fellow [URIDGE or EURIDGE researchers](#). If you would like to contribute, or require additional information, please [contact me](#) by email or by post.

Evaluations: Print On-Demand

What is Print On-Demand?

- **Print on demand (POD), sometimes mistakenly referred to as publish on demand, is a printing technology employed by publishers in which new copies of a book (or other document) are not printed until after an order for them has been received. "Print on Demand" developed only after the development of digital printing, because of the practical and economic difficulties of printing single copies using traditional printing technology such as letterpress or offset printing.**

http://en.wikipedia.org/wiki/Publishing_on_demand

- **What does this mean for you?**
 - **Self-Publishing**
 - **An affordable and easy way to get a book into print**
 - **No initial outlay**
 - **No minimum order**
 - **Ease of changing the content**
 - **Different types – Books, Photo Creations, Digital Media**

On-Demand Publishing: Printed / Online

- If you can use Microsoft Word, or word processing software you can publish your own family history
 - See <http://www.msboycott.com/thealt/alts/word.shtml>
- Needs ability to create a PDF
 - I use PDF-XChange (Standard)
 - See http://www.docu-track.com/home/prod_user/pdfxchange_standard/
- Hardest part is creating the publication

#1 Self Publishing Website – www.lulu.com

The screenshot shows the Lulu.com homepage. At the top left is the Lulu logo. To its right is a search bar with the text "Search:" and a dropdown menu set to "All Products" with a "GO" button. Further right are links for "Log In", "Sign Up", and "Shopping Cart" with a shopping cart icon. Below these are navigation buttons: "Publish" (highlighted in orange), "Buy", "Sell", "Community", "My Lulu", "Help", and a "First time visitor >" button. A large orange banner below the navigation contains the text "Products for All Your Needs" and a row of category links: "All", "Authors & Artists", "Businesses", "Nonprofits", "Educators and Students", and "Family & Friends". The main content area is divided into three columns. The first column, titled "Books" with an icon of a book, lists: Paperback books, Hardcover books, Comic books, Dissertations, Cookbooks, Product Manuals, Sales Proposals, and Travel Guides. The second column, titled "Photo Creations" with an icon of a photo book, lists: Photo Books (marked with a "NEW" tag), Wedding Books, Calendars, Portfolios, Posters, and Artwork. The third column, titled "Digital Media" with a computer monitor icon, lists: Images/Graphics, Music, Ringtones, Sounds/Midi Files, Movies/Videos, ebooks/Documents, Fonts, and CDs/DVDs.

Lulu: What is Print On-Demand?

- **You can buy one paperback for yourself, or you can sell your book to the whole wide world. You'll be amazed how inexpensive it is to self-publish a paperback book – and how quickly your 80% of all creator revenue can add up.**
- **Set your own price - Lulu makes it easy to see exactly how much (or little) it costs to produce your book (for example, how much different paperback bindings cost), and just as easy to decide how much you want to earn from each sale**
- **Get your own ISBN - and get distributed in more than 60,000 retail locations, online and off**
- **Build your own online storefront to generate direct links, and more sales**
- **Forget storage - when a book is bought, it gets printed, dispatched and delivered on demand**

New Project: Step 1

The screenshot shows the Lulu website interface. At the top, there's a search bar and a welcome message for 'teresa.pask@pask.org.uk'. Below the navigation bar, a modal window titled 'Publish' is open. The modal contains the following fields and options:

- Title:** Pasks of Monmouthshire
- Author:** Stuart & Teresa Pask (First Name: Stuart & Teresa, Last Name: Pask)
- What do you want to do with this project?**
 - ☒ **This is a private project**
Have a personal or private project? Not quite ready to make your project public? Your project will be visible only to you. No one else can see or purchase your project. You can make your project available to others at any time.
 - ☐ I want to sell this in the Lulu Marketplace
 - ☐ I want to sell this in online bookstores

At the bottom of the modal are 'Cancel' and 'Save & Continue >>' buttons. The background shows the Lulu website with a sidebar menu and a main content area with various product listings.
